Annual Scientific Meeting 2011
on
"Paediatric Neuro-radiology"

18 - 21 November 2011

Announcement

Dear members,

We are pleased to announce that our Annual Scientific Meeting 2011 will be held on 18 – 21 November (Friday – Monday) at the Queen Elizabeth Hospital and Eaton Smart, Hong Kong. The theme for the meeting is "**Paediatric Neuro-radiology**". We are privileged to have Professor Paul G. Griffiths from UK as our course director to deliver lectures covering important aspects of this condition.

Professor Griffiths is the Professor of Radiology and Head of Department of the Academic Unit of Radiology at the University of Sheffield. He is clinically trained and specialises in neuroradiology (imaging of the brain and spine), particularly in children.

In addition to Professor Griffiths, we will also be inviting local experts to share with us their latest research, both basic and clinical, and the most up-to-date information on this area, which will be of interest to specialists and professionals alike.

Your attendance will no doubt prove to be a valuable and enjoyable experience. We sincerely invite you to make plans now to join with other members to exchange new ideas and share your experiences and knowledge.

The registration fee will be waived for members of our society.

For any enquiry about this meeting, please do not hesitate to contact our meeting secretariat at tel: (852) 2155 8557 / 3153 4374 or e-mail to meeting.hk@ubm.com or visit our Society's website at www.fmshk.com.hk/hkcndp/index.htm

Look forward to seeing you in the meeting.

Yours sincerely,

Dr. Chok-wan Chan
President
